Good morning Mike,

Since we submitted the Draft Proponent's Environmental Assessment (PEA) for the Ventura Compressor Modernization project on May 24, we thought it would be helpful for us to schedule a call next week or the following week to discuss logistics for receiving feedback and updates, future meetings, reintroduction of our team (especially for the Aspen team) and answer any questions that may have come up so far. The three-month review period will go by quickly, so we want to be available for you sooner rather than later.

The following times would work for our team:

- Friday, June 9, 3pm - 4pm
- Monday, June 12, 2:30pm - 5pm
- Wednesday, June 14, 3:30pm - 5pm
- Friday, June 16, 10am- 11am, 3pm - 4pm

Please let me know.

Regards,

[REDACTED], Regulatory Business Manager
